The News.

We have our usual amount of peace gossip this evening, which the reader can take as much, or as little stock in as he pleases. We place more reliance in what General Butler said recently in his speech at Lowell. "Don't be carried away" he says "by the delusion of peace. The time for peace has not come. To talk of peace until the army of Lee is either captured or whipped, is vain." Butler is undoubtedly correct. The resisting power of the Confederacy is now embraced within Lee's lines, and when that is *placed hors de combat*, peace will come and come to stay. It may be true that Vice President Stephens is on his way to Washington, but if he is, he goes in the same capacity in which Blair went to Richmond, to talk of peace on his own hook—Jeff Davis is still full of fight.

A later dispatch just received states that the Richmond *Sentinel* says authoritatively that A. H. Stephens, R. M. T. Hunter and Jones Campbell have gone to Washington to confer with Mr. Lincoln and see if peace be possible. They are simply unofficial agents representing the views of the rebel leaders at Richmond.

An event transpired yesterday that forms a new epoch in the history of the American people. The House of Representatives has passed the Constitutional Amendment forever abolishing slavery throughout the land. Thus is another step taken in the onward march of civilization and progress that must eventually redeem our name from the shame and ignominy of chattel slavery.

JIM CROW.—One of the most violent copperheads that took the stump last fall for George B. McClellan and George B. Smith, was Judge Orton, of Madison. But a change has come over the spirit of his dream. Either the very signal and satisfactory defeat of his friend George B., in this Congressional district, or the utter rout and overthrow of his other friend George B., in the Presidential race, or the taking of Savannah and Fort Fisher, or something else has opened his eyes, and, it will be seen by our letter from "Yankee Thistle," he was to make a Union speech at Madison last night, in the Assembly Chamber.

As the Judge has been on all sides of all questions at times, it is not remarkable that he should *occasionally* be right.

Hood's army is reported quartered at the present time at Tuscaloosa, and Hood himself has gone to Montgomery for the purpose of consulting with Beauregard. It is reported that Gen. Dick Taylor has reinforced Hood's army with about five thousand men from the trans-Mississippi department. The whole line of the Memphis and Charleston Railroad, which runs through Corinth, is entirely unoccupied by the rebels, except straggling bands of guerrillas. All stories as to Hood's occupation of Corinth on his retreat are groundless. He did not approach it. He had intimations, doubtless. Gen. Dana moved from Memphis to cut the railroad south of it, and he hasn't come to that degree of foolhardiness as to walk in so obvious a trap.

The Richmond *Enquirer*, speaking of Bragg's repeated disasters, says: "The calamities inflicted by Gen. Bragg upon our cause have done much to injure President Davis, who has retained him in command despite the public wish. The last sad work of his at Fort Fisher he is now trying to shift upon the shoulders of his patron and protector, or with it drag down Gen. Lee, as he did Gen. Johnston. Is it not high time that the service was relieved altogether of Bragg?"

The Pope's late fulmination, in the shape of an Encyclical Letter, is condemned all over Europe, not only by the Protestants, but by the more liberal members of the Roman Catholic Church. The journals of Germany show that the impression produced by the Encyclical Letter in those countries has been the same as in France, where, by order of the Government, its more objectionable parts have been suppressed. All agree in regarding it as a manifesto hurled against modern civilization.

JEFF. DAVIS, in a letter to the Virginia Legislature, says that Gen. Lee has repeatedly expressed his inability to command the entire armies in the Confederacy and remain in the field with the Army of Northern Virginia at the same time, and asserts his own desire to make Lee Commander-in-Chief whenever the latter consents to accept the position.

RAILROAD CONSOLIDATION.—Assemblyman Johnson from this county, introduced the following resolution into the House which has passed that body:

Resolved, That the Committee on Railroads be instructed to report what legislation, if any is necessary in order to guard the State against railroad monopolies. And further, to report what railroads in this State have the right in their charters to consolidate. And further, whether it is in the power of the legislature to fix a pro rata tariff, and if so, what legislation is necessary to regulate the tariff so as to compel railroads to carry all kinds of freight

THE Richmond *Dispatch* now sells for 50 cents a single copy, and $30 per hundred to carriers.

SMALL pox is raging fearfully in New York city at present, and is steadily on the increase.

State News.

The Milwaukee *Sentinel* says a new school house is to be erected in Milwaukee at a cost of about $30,000. Ralph Waldo Emerson is lecturing in Milwaukee.——The Fond du Lac *Press* says a train of eight wagons drawn by twenty eight oxen, and six others, drawn by horses, the whole loaded with seven tons of pork, one ton of chickens and turkeys, one ton of butter, and seven hundred cans of oysters, together with forage for the teams, left that city for Ontonagon, Lake Superior, last week. The train goes direct through the wilderness, by way of Shawano, and will be able to reach its destination in about one month from the time of starting.——The *Wisconsin* says the mammoth grain elevator and railroad warehouse, now nearly completed, has been leased by the Milwaukee Dock Company, and will be run by them. L. J. Higby, one of our oldest warehousemen, is President of this company. The Dock Company also run the elevators in the second ward, at the terminus of the other division of the Milwaukee and St. Paul Railway.——The Madison *Journal* regrets to learn that Mr. M. Banman, of that city, well known as a soap manufacturer, died from the effects of a kick in the abdomen, received from a horse on the 26th. He leaves a wife and four children to mourn his loss.——The Sheboygan *Times* says the river there between the harbor piers was so frozen over on Wednesday and Thursday mornings of last week as to permit skating. It speaks of it as a very unusual occurrence. Before noon, however, on Thursday, the sea from the lake broke up the ice and the sport.——The Green Bay *Advocate* notes considerable religious interest there; says the sleighing continues excellent, and that there never was so much work done in the woods.——The Appleton *Motor* says the breadth of winter wheat sown in Outagamie county was larger than ever before, and that it is looking finely.

From the Sparta *Eagle* we learn that the Provost Marshal's headquarters for the 6th District has been removed from La Crosse to Sparta.——The La Crosse *Republican* publishes an interesting review of the business and manufactures of that place, showing a very satisfactory state of things; and Superintendent Moore gives notes of his visits to the schools. In twenty schools visited he found the average of punctual attendance 82 per cent., an improvement of 10 per cent. in last year.——The Viroqua *Times* says the assets of Vernon county are $20,651.96, and liabilities $6,397.58. In view of recent murders in that section, and the cheap rate at which human life is held, it favors the restoration of capital punishment.

The Fond du Lac *Reporter* notes the burning of the distillery of Rahte & Lauenstein in that city. The loss is about $5,500, insurance $1,500. It says Dr. Brainard of Chicago, performed an operation for gravel, removing from a mason named Hollands a stone measuring two inches long, one and a half wide, and three quarters of an inch thick.——The Clark County *Advocate* says O. S. Wood's crew, lumbering on Rock river, hauled this winter a pine tree, the dimensions of which are as follows: Four logs, one of which was 12 feet, the other three 16 feet in length, the whole of which scaled 5,230 feet of lumber, being an average of 1,307½ feet to the log.——The *Lumberman* says fishing in the Menomonee river is proving a good winter business; that the supplementary draft has exhausted the rolls in nearly all the towns in Oconto county.——Mr. Newell, of Beaver Dam was lost on the steamer *Melville*, which recently went down with nearly all on board, between New York and Hilton Head.——The Hudson *Star* says the managers of the Tomah and St. Croix railway have resolved to proceed immediately to procure the right of way.——The Elkhorn *Independent* says a National Bank has been established at Elkhorn, with a capital of $50,000.00, and the privilege of increasing to $100,000.00.——The Grant County *Herald* says that John Hundermeyer, a volunteer from Potosi, who enlisted in October last, to serve in the first Wisconsin cavalry, was, at the time of his enlistment, 14 years and 5 months old, weighed 150 pounds, and measured 5 feet two inches in height.

SECRETARY SEWARD IN COURT.—The Washington correspondent of the *Evening Post*, under date of Wednesday, says:

"The Supreme Court was crowded this morning to hear Mr. Seward in the well-known Albany bridge case. It is an unusual occurrence for a Cabinet officer (always excepting the Attorney-General) to come into the Court to argue cases. Mr. Seward, however, was long engaged upon this case, and his clients would not release him. It was a singular spectacle to see Mr. Seward directing his argument to the understanding of his old Cabinet colleague, Mr. Chase."

A TEN inch Parrott gun costs $4,500; a eleven inch Rodman $5,500; a fifteen inch Krups, $29,400, and a twelve inch Blakely, $35,000.

HAIR brushing is now done by machinery in London.

MUSIC LESSONS.—W. C. Rayner is prepared to give lessons on the piano with singing at the residence of pupils or at his room, Lappin's Block, 3d story front. Also will attend to tuning pianos. nov16d6w311

FROM WASHINGTON.

WASHINGTON, Jan. 31.—An announcement in these dispatches some weeks ago, that Tammany Hall was bringing its influence to bear on the passage of the Constitutional amendment prohibiting slavery and that its success was therefore assured, received its full verification in the House this afternoon. The largest audience of the session packed the galleries and lobbies, flooded the reporter's galley with ladies, and overflowed into all the vacant spaces on the floor. Appeals were made as usual from the Democratic side, to have the vote postponed, and there were implied threats of fillibustering unless it was, but Mr. Ashley refused to make any further delay, and the Democrats wisely resolved to submit. The final announcement of the vote was the sequel for a whirlwind of applause wholly unprecedented in Congressional annals. The galleries led off, giving cheer after cheer. The members on the floor then joined in the shouting, throwing up their hats and clapping their hands, and the ladies waved their handkerchiefs, and the very pages on the floor joined in the demonstrations of delight. The Democrats had been very fierce in their demands for order, when there had been some applause over the affirmative votes of some of their own number, and had very imperiously demanded the enforcement of the rules, but the storm of applause that now swept through the chamber was too much to resist, and therefore they sat silent and solemn in their seats amid all the rejoicings.

It is now earnestly hoped that the Legislatures, particularly those of the great leading States, will promptly take up the amendment, and pass it through without delay. The effect of prompt action in the present shape of the peace negotiations will be particularly valuable, and the Union leaders here hope, before the end of the week, to hear of decisive action from New York, Pennsylvania, Ohio and other great States.

WASHINGTON, Jan. 31.—In the case of the Bank of the Commonwealth etc., plaintiffs in error vs. the Commissioners of the Taxes etc., in error to the Court of appeals of the State of New York, Justice Nelson in the Supreme Court of the U. S., has delivered the opinion of the Court, reversing the judgment of the Court of Appeals with costs, and remanding the cause with directions to enter judgment in conformity to the opinion of the Supreme Court. The same judgment was rendered in all other bank cases. Two years ago the Supreme Court of the United States pronounced a decision that a state had no right to tax United States bonds and securities.

WASHINGTON, Jan. 31.—Mary Harris, the young woman from Chicago who shot and killed Andrew Burroughs, a clerk in the office of the Comptroller of Currency, yesterday stated to Mr. McCulloch that he had violated his marriage engagement with her. He had done no harm but was engaged to her from childhood and had continued his correspondence with her until within a month of his marriage. She says she asks no sympathy for herself, all the sorrow to be felt was for her aged parents. She charged that the deceased had betrayed her from home and friends and placed her in a house of ill fame, which determined her to do the deed.

NEW YORK, Jan. 31.—The *Commercial's* Washington special says well informed persons are disposed to credit the rumor that Stephens, Hunter and Campbell are about to visit Washington as peace commissioners.

The *Post's* special says Secretary Fessenden in his instructions to Jay Cooke says he intends to rely hereafter upon taxes and sale of seven-thirty bonds to pay the expenses of the war.

THE PEACE RUMORS.

BALTIMORE, Jan. 31.—The *American* has the following special dispatch from Annapolis this evening.

ANNAPOLIS, Jan. 31.—Col. Taylor, of the second Maryland regiment, who arrived here this morning, says that on Sunday Alexander H. Stephens, R. M. T. Hunter and two others reached our lines and requested to come within our lines at Fort Hill but were refused, and were awaiting permission from Gen. Grant, who was then absent.

N. B.—I think the commissioners were admitted, nevertheless, and are now on their way to Washington.

PHILADELPHIA, Jan. 31.—A special dispatch to the *Evening Telegraph*, dated Washington 21st, states that it is known in the best informed circles here, that a commission from Jeff Davis, consisting of Ex-President Stephens, R. M. T. Hunter and Gen. G. W. Smith, have arrived at Annapolis with full power to arrange a settlement of our national difficulties. It is believed from the understanding between Mr. Blair and Mr Davis, that the terms will be entirely satisfactory to the Administration and to Congress, and will chiefly consist of an amnesty to all offenders and a withdrawal of the confiscation proclamation.

BALTIMORE, January 31.—The *American* of this afternoon publishes the following dispatch: "The report has been current on the streets since last evening to the effect that the Richmond *Sentinel* has announced the departure of three peace commissioners for Washington. Up to noon to-day we have no official confirmation of the rumor, though the assertion has been varied this morning by an equally positive announcement that peace commissioners consisting of the rebel Vice President and Senators R. M. T. Hunter and Campbell had arrived at City Point and were expected to reach Annapolis to-day. They are not spoken of as commissioners representing the rebel government but as citizens representing the people, on their way to Washington to confer with President Lincoln on the subject of peace precisely in the same capacity that Blair visited Richmond."

WASHINGTON, January 31.—Nothing can be obtained confirmatory of the report that rebel peace commissioners have arrived at City Point en route to Washington.

BUTLER'S DEFENCE.

LOWELL, Mass. Jan. 29.—Major General Butler arrived here at noon yesterday, and in the evening he addressed the citizens.

Gen. Butler said he should speak of what had happened to the country, and what had occurred in the department to take command of which he had left them a year ago last November. On assuming the position which devolved upon him by the partiality of the President, he had looked about him to see what he was to do. He found 18,000 freedmen needing his attention. It had been demonstrated that the former slave population could make itself self-supporting, and that they were capable of education. He said he had settled every point regarding the exchange of prisoners, except one, viz: in regard to colored troops. The rebels threatened to enslave them. He then proposed to them to carry on a system of special exchanges until he had reduced the proportion of prisoners so that while they might have some 500 in their hands he would have 15,000, and then he could say, make slaves of those 500 prisoners, and I will get these 15,000 to work, and we will see. The General referred to orders received, to stop all exchanges, and said that if he was asked why he left 15,000 men starving in rebel prisons, he could declare that no stain of their blood was on his garments.

Of the affair at Wilmington and Fort Fisher, the General spoke at length, and then referred to the explosion of the Dutch Gap Canal. I did not, perhaps, make quite so large a hole as in the mine at Petersburg, but he had not filled it with American dead until it ran blood. He desired to have it inscribed on his tombstone in that little enclosure where his remains would one day be laid, "Here lies the General who saved the lives of his men at Fort Fisher and Big Bethel. He had criticized no man—no army man—but he had always criticized somewhat sharply the froth which is always the accompaniment of lively *porter*.

Gen. Butler then proceeded to discuss the prospects of the national cause. He was prepared for more endurance, more strife in the service of the country. If at any time the country needed his services, they would be freely rendered as in the past. Whatever mistakes may have been committed by men at the head of affairs, we should not spare our efforts. Don't be carried away by the delusion of peace. The time for peace has not come. To talk of peace until the army of Lee is either captured or whipped, is vain. See that the Union armies are kept filled, and that recruiting goes on. Of our ultimate success there could be no doubt.

FROM GRANT'S ARMY.

NEW YORK, Feb. 1.—The *Time's* 5th corps correspondent of Jan. 29, in front of Col. Harriman's brigade of Wilcox division 9th corps, says about noon to-day a flag of truce was displayed on the parapet of the enemy's works a few rods to the right of the center. The bearer of the flag said that Hon. A. H. Stephens, Vice President of the Confederacy and Hon. R. M. T. Hunter of Va., were desirous of proceeding to Gen. Grant's headquarters, that they were expected and would have approached our lines via James river but were unable to do so owing to the ice in the stream. A message was sent to the headquarters of the 9th corps, and some time after an officer returned mounted the rebel works and entered. What the result of the interview was, the correspondent was unable to learn.

The *Herald's* correspondent in front of Petersburg says deserters report that the enemy are reconstructing the railroad destroyed by the 5th corps in its raid to Hicksford but are making slow progress. None of the bridges destroyed had been rebuilt.

The large bridge near Weldon, N. C., was swept away by the late freshet.

Maj. Gen. Warren has returned and reassumed command of his corps.

LOSS OF THE SAN JACINTO.

NEW YORK, February 1.—The *Herald's* Key West correspondent gives further particulars relative to the loss of the U. S. sloop of war, *San Jacinto*. She struck on a reef between Green Turtle key and No Name Key early on the morning of the 1st ult. The officers and crew, including about 40 sick, were saved and landed on No Name key. Eleven of the crew had deserted. The entire battery of the vessel, together with stores, sails and other property was aboard at last advices. The wreckers were dismantling the *San Jacinto* but were not allowed to touch any portion of her machinery.

FROM KENTUCKY.

LOUISVILLE, Jan. 31.—The *Journal* is now informed that the suspected murder of 14 discharged soldiers on Saturday, at Bloomfield, was incorrect. Ludwig, a notorious guerrilla, was caught and executed that day by Capt. Terrill, of the Union Guards. In the afternoon, Terrill had a fight with Capt. Colter's guerrillas, several miles from Bloomfield, repulsed them and dangerously wounded Colter. Barry is undoubtedly dead.

FROM NEW YORK.

NEW YORK, Jan. 31.—The editors of the country who have control of the new patent process for making print paper from corn husks, having been overwhelmed with letters of inquirery from farmers and others, give notice that they desire to receive proposals from every State, county and town in the United States, for supplying dry and sound husks, as the same may be stripped from the corn.

NEW YORK, Feb. 1.—The *Tribune* prints a list of about 1400 names of Union prisoners who died at Salisbury, North Carolina, during the 60 days preceding and ending December 18th.

The *Herald's* Newbern correspondent of the 26th says that intelligence from within the rebel lines, represents the utmost consternation prevailing. There is really no communication between Virginia and the South.

A scheme was set on foot by several members of the North Carolina Senate to bring about a meeting of different Governors of States at Raleigh. The letter had met the approval of the Governors, the purpose being understood to be to discuss the question of the crisis and reconstruction, but Governor Vance broke up the entire arrangement by information to Jeff Davis.

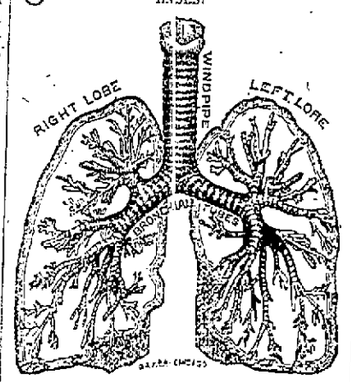
CATARRH, THROAT DISEASES!



ASTHMA, BRONCHITIS! Early Stages of Consumption! LIVER COMPLAINTS, Diseases of Women! *And all other Complaints that Lead to Consumption*, Are treated by I. B. HALE, at the Wisconsin Throat & Lung Institute, Myers' Block, Janesville,

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a specialty in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; De Witt Davis, N. G. Kenistou, D. R. Stout, F. J. Tupper Ellis Doty, job printer, J. D. Haynes, W. H. Mann, E. R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

Retaliation in Kind.

No better evidence of the demoralizing and debauching tendencies of a state of war, can be adduced than is found in the fact that a few grave and dignified law-givers are in favor of committing the government to a policy too barbarous and inhuman for any Christian nation to adopt. The Albany *Evening Journal*, we are glad to see, takes strong ground against the retaliation in kind proposed by Senator Wade. It says:

"Especially difficult would it be to carry a system of retaliation, such as is advocated by Senator Wade and others, into practical effect. This would require that we should deliberately starve to death the Confederate prisoners in our hands. Humanity shudders at the very thought. Who could we get to execute the terrible order? Our soldiers who garrison our prison depots would revolt against such an unchristian duty. No commander who had any regard for his fame could be got to execute such an edict. Even those who most loudly insist upon "retaliation" would shrink back in horror when brought face to face with the fact.

No; we cannot afford to compete with the rebels in barbarity. We cannot use their hellish weapons even in self-defence. We have a character to sustain before the world and a good name to preserve which must not be sullied by crime. It must not be forgotten that we are living in the Nineteenth Century, and that we have been nurtured under Christian teachings. The fact that the enemy act like savages, does not justify us in acting like savages too. We have not even the excuse for torturing our enemies that they have. Slavery has not brutalized us as it has them, and while we may execute Justice with rigor, we cannot afford to pattern after the cruelties of barbaric nations and eras."

Let the Government waive all technicalities that stand in the way of an exchange of prisoners and give them two of their men for one of ours, if necessary, but let not the authorities degrade and shame us for all time by adopting a mode of retaliation that the whole civilized world would shrink from with unmitigated horror.

Madison Correspondence.

[From Our Regular Correspondent.]

MADISON, Jan. 31, 1865.

Editors Gazette.—In the Assembly a resolution has been introduced and adopted instructing the railroad committee to inquire what legislation is necessary to guard against railroad monopolies, and also as to the power of the legislature to fix a pro rata or maximum tariff. Also a resolution asking the Governor to confer with the Federal government in regard to further corrections of the quota of the State. The Senate resolution instructing the joint committees on Benevolent Institutions to begin their visits at an early day and include the charitable institutions of Milwaukee in their inspection, was concurred in. A bill was introduced amending the soldiers' suffrage law, and a memorial to Congress for a survey of the Fox and Wisconsin rivers with a view to the construction of a ship canal connecting the lakes and the Mississippi. The rest of the time was occupied in considering and ordering to a third reading bills in the general file, among which was a memorial to Congress asking for an increase of bounties to volunteers and the adding of six months' extra pay to the bounties of re-enlisting veterans, and for voluntary enlistments to be between the ages of seventeen and fifty.

In the Senate a resolution was introduced inquiring after the Attorney General of the State, who is at present in Washington trying to complete the long delayed 5 pr. ct. fund settlement, which the General Government owes the State. A joint resolution was adopted favoring the raising of a regiment in this State for Hancock's veteran reserve corps and stating that the brave and efficient Major G. H. Otis, late of the 2d Regiment, Iron Brigade, has charge of the recruiting service for said corps. A bill was introduced incorporating the State Agricultural College of Wisconsin, and bills were passed to correct and complete the muster rolls and records in the Adjutant Generals' office and appropriating $2,000 therefor: to extend the right of suffrage to persons in the military service so as to allow men in hospital and in detachments of not less than ten, to vote; and to pay mileage to the Regents of the University of ten cents a mile, but not to exceed $50 a year to any one Regent. The Assembly bounty bill, after being amended in some particulars, was concurred in and it will undoubtedly be finally acted upon in the house to-morrow.

Quite a distressing tragedy has occured in the Lunatic Asylum near here, by the Rev. R. O. Kellogg, of Fort Atkinson, while in a state of insanity injuring himself so that he died. His brother, Mr. A. W. Kellogg, the Insurance Agent of Milwaukee, left him at the Asylum but a few since and hoped soon to find him relieved of the effects of the revival efforts in which he had been participating. The deceased, besides his brother, leaves a wife and two or three children to mourn his sad fate.

Captain George S. Oakley, late of the 11th Wisconsin regiment, died in this city last night. He had to leave the army on account of ill health, and while actively engaged about his business lately, contracted a severe cold, which settling on his lungs, caused his death. Thus has another patriot volunteer gone to an early but honored grave.

The audience is beginning to enter the Assembly Chamber to hear Hon. Harlow S. Orton hold forth on the condition of the country and those who know the varied political sides that the speaker has taken during his public career in this State, are now expecting him to take solid ground in favor of the Union armies, whose arguments are so convincing and effective. More anon, from YANKEE THISTLE.

IN Cuba several newspapers advocate emancipation. It is probable the Spanish colonies will be delivered from the accursed thing before many years.

South Carolina Arrogance in 1861.

The Boston *Traveler* reprints from its issue of April 27th, 1861, the following letter, sent it from Charleston. It reads amusingly in the light of the events which have occurred since it was written:

CHARLESTON, S. C., April 19, 1861.

To the Editors of the Boston Traveler:

GENTLEMEN:—On behalf of the South Carolina volunteers, I am deputed to request Governor Andrew, of Massachusetts, through you, that the military contingent of your State be sent to South Carolina. In making this request, I assure you I but express the wish of every man, woman and child in our State. We number about ten thousand men, well armed and accoutred, and anxious for a fight, and cordially invite *any number* from your section to give us a meeting. Do not, however, send them in the fleet that appeared off Charleston Harbor, during the bombardment of Fort Sumter, for fear their timidity will interfere with their landing. Send all Massachusetts men; none from Pennsylvania, for the regiment from that State flunked at Cerro Gordo; nor from New York, for at Cherubusco (although they claimed and received the right from the Palmetto regiment,) at the first fire the gallant New Yorkers fell back and hid behind a barn; nor from Indiana, for at Palo Alto the regiment from that State fled in inglorious confusion. Send your Sumners, your Wilsons, your Burlingames, and a host of similar notables, and we pledge our honors, our lives, and all that we hold sacred, that none other but the Palmetto boys shall interfere with them. We want them exclusively for our own use.

This request is made in good faith, and on signifying your acceptance of our offer, every arrangement will be made to give you a safe passport to our shores.

ON BEHALF OF THE S. C. VOLUNTEERS.

Education and Genius.

America offers the largest hospitality—offers a piece of land on the prairie to every son of Adam that will sit down upon it; then, on easy conditions the right of citizenship, and education for his children; and in this spirit is our power. I know that all do not think precisely as we do here in the northern States. I know that our schools are reproached as nurseries of vice, bloating our own conceit, sharpening our wits in trade, and, in some bad cases, making a more accomplished and dangerous rogue. I reply, let us stick to our school. If we have only that little, we will cleave to that little and make it more. It is our lot in the urn. Cling to this despised common school. Let the State say, "We have not the fertile prairie, the prolific Southern sun, the gold of California, the copper of Michigan, the coal of Pennsylvania and the oil, but this one point of plain duty we have—to educate every soul. Every native and every foreign child that is cast on our coast, shall be taught, at the public cost, the rudiments of knowledge, and at last the ripest results of art and science. Education has two offices. The first is the careful explanation of elements. Cadmus brought the 22 or 24 Phenician letters to Greece. They were called "the black daughters of Cadmus." These are the materials of that complex structure, so vast, so ancient, so energetic, which we call literature. These characters, drawn in snow and sand, then in pigment, are the divine commandments of the laws of States, of history, of all happy thoughts and sweet melodies. All multiplication tables, all astronomical facts, all rules of navigation, all Bibles, creeds, Homer, Shakspeare, must all go but for these. Take away this petty contrivance, and not only the power of genius to perpetuate itself is gone, but the bonds that hold a nation together, the laws and traditions that make unity and permanency, are a rope of sand; memory is lost, and instead of a spiritual nation, you have a tribe of dirty savages, extemporizing life from hand to mouth. That is the entering wedge. Letter by letter, syllable, the child learns to read, and in due time can convey to the domestic circle the sense of Shakspeare. That is the first office of education: the second is incessant drill and practice in applying those elements.

We have, out of the early ages, 600 years before Christ, nearly, a sentence from a Chinese legislator. "In all things," he said, "success depends on previous preparation, and without such preparation there is sure to be failure." God sends into a quiet house a young soul, a thought; a thought that is not met; looking for something which is not there, but which ought to be there. He makes desperate efforts to explain himself, to invoke the aid and consent of bystanders. Baffled still for want of language and method to convey his meaning, he conceives that though not in this house or town, yet in some other house or town is the wise master who can put him in possession of the rules and instruments to execute his will. This is the old experience—Genius seeking his master. Not seeking the college of the Sorbonne, of Salamanca, of Oxford, but Socrates seeking Anaxagoras; and Plato Socrates; and Aristotle, Plato. This is the seeker whom we find, not in one department, in one art or science, but in all, not in one house, but in all houses. This is the seeker, intoxicated with a beauty he cannot define or express, this is the divine savage, with a terrible secret, which tears him, which leaves him no rest. This is the pathetic experience of all youth. Always genius seeks genius—desires nothing so much as to be able to find those who can lend it aid. Enthusiasm and drill are the two elements: one nature must give; the college never can. But the knowledge already existing in the minds of trained persons is indispensable and must be had. To secure this to the young is the aim and theory of the college. A college is a society of experts—or men selected for their skill each in one department of art. The college was to be the nurse of human genius, but although every young man is born with some determination in his nature as a potential genius, and is at last to be one, it is in most obstructed and delayed, and whatever they may hereafter become, their senses are now opened in advance of their minds. These young men come in numbers to the college, few brilliant minds, and the teaching comes to be arranged for these many and not for those few. Hence instruction seems to require skillful tutors, an accurate and systematic mind, rather than the ardent and inventive master. Besides, men of genius are eccentric, want control, are irritable, uncertain, explosive, solitary: not men of the world, not good for every day uses. At all events, it happens that genius, if it is rare in the students, is rare in the chairs. But nothing can be so important as severity of training. It is better to teach the child and the youth arithmetic and Latin grammar, than rhetoric or moral philosophy, because these require exactitude and performance. It is made certain in lessons like these that the lesson is mastered, and that power of performance is worth more than the knowledge. He can learn anything which it is important for him to know, now that the power to learn is secured. As mechanics say, when one has learned the use of tools, it is easy to work at a new craft. Hence, the general agreement to devote a great deal of the time of the young to the science of numbers.—*Emerson's New Lecture.*

The New York *Tribune* says, "The reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The *Tribune* just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

NEW BEDFORD, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine glassfull after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters. Respectfully,
JUDITH RUSSELL.

If the ladies of American but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St., N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that, she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, saucy and well. The article is invaluable to mothers." &c.

Such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

They are now sold by all respectable dealers throughout the habitable globe. Be sure each bottle has our private United States Stamp over the top, and take none other. We do not sell it in any other way. Any person pretending to sell Plantation Bitters by the gallon is an imposter, and should be immediately reported to us. Beware of *refilled* bottles; examine and see that the stamp has not been mutilated.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric: such are the machines of the

FLORENCE SEWING MACHINE COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

Miscellaneous.

DOTY'S CLOTHES-WASHERS

Are SIMPLE, DURABLE & CHEAP.

MAKE WASHING EASY, And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864, won the admiration of thousands, and were awarded a splendid Diploma; also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

Wool fleeces may be washed in these Machines at the rate of *a fleece in two minutes*, without tearing them apart, and the wool brings the price of *tub-washed wool*, which is *five to eight cents per pound more* than that washed on the sheep. This is very important to every wool grower.

They are recommended as the Very Best in Solon Robinson's great new work, "Facts for Farmers," by ORANGE JUDD, proprietor of the *American Agriculturist* and by other prominent men.

It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville,		$ 9.50
Family " " "		10.50
Hotel " " "		13.50

The above prices include Faucet. Machines with plug instead of faucet, 50 cents less.

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if, after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we subjoin the following testimonials:

From Rev. G. W. Lawrence:

MR. DOTY—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepared to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner. My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore. G. W. LAWRENCE.

JANESVILLE, Nov. 11th, 1864.

Messrs. Doty Bros.:

GENTLEMEN—I have had in use one of your Washing Machines since May last. We have tried other inventions, but they have invariably proved worthless, after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine: while in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing with which I am familiar. No family can well afford to be without one. Yours truly,

JANESVILLE, Dec. 16th, 1864. A. PALMER.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the *finest* needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with no change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use *coarse cotton, linen, silk* and *twist*. It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist *into the goods*, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted not to rip in wear, and under all circumstances to "*survive the washtub.*" Old worn out family garments, bosoms, pants, dresses, &c., have been submitted to Committees at Fairs where was the *greatest competition*, and to this stitch premiums have been awarded for its SUPERIORITY, DURABILITY, ELASTICITY AND BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction*, or the balance wheel ever wearing or touching the dress. By another ingenious Patent improvement.

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than ¾ of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark*. The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES:

As the needle is always *set right*, the blade short and straight does not vibrate, like longer ones.

Wilcox & Gibbs Sewing Machine

Is run by steam at 4000 stitches per minute—other machines only at 400 to 1200, with safety. They are manufactured with

MATHEMATICAL PRECISION,

Hence each part is interchangeable, and can be readily placed in case of accident.

THEY WILL NOT GET OUT OF ORDER.

We have known it intimately for several years. Many thousands are already in use here, and so far as we know, not one in family use has ever cost a dime to repair, or ever been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountably." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs in the hands of any one, knows no "skips," "drops," "jumps" or "misses." The smoothness, stillness, durability and beauty of its stitch-

WERE NEVER EQUALED.

Its rapidity, simplicity, stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in any boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer, or Feller, and do the work with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their fine hemming, and felling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

We are General Agents for

BARNUM'S SELF-SEWER,

FOR ALL SEWING MACHINES.

It guides the work itself, thus avoiding the bent posture and strain on the eyes. Price $1.50. Large discount to Agents.

Editors who desire one of these machines on half advertising contracts, can insert this advertisement, send us their paper, and get a machine at any time.

We take other machines in exchange. We sell Oil, Cotton, Silk, Twist and Needles for every kind of sewing machine.

We attend to the repairing of all kinds of machines. Price of Machines, with hemmer, feller, gauge, oil can, extra needle, full directions, &c., from $56 to $175.

10 TO 25 PER CENT. LESS

Than any goods sold by them this season—all for net cash, and will be sold without regard to price, in order to close out preparatory to the opening of the Spring Trade.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use mostly in the United States and Canada, also in Europe, Asia, Africa, South America and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

AWARDED THE HIGHEST PREMIUM!

whenever exhibiting in competition with others. We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange name, purporting to be superior to Melodeons and School Organs. A new exterior and new name will naturally attract attention: but the public will bear in mind that *all Reed Instruments*, now manufactured in the United States and Canada, are, *as near as they can be made without infringing our patents*, copies of our own.

Agents for the sale of our Melodeons can be found in all the principal towns of the United States and Canada. Address either

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

DIABETES,

STONE IN THE BLADDER, GALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING,

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, ☞ CATARRH OF THE BLADDER,

STRANGURY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

has proved itself second to the lack that has developed upon it.

DIURETICS

irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

IN DYSMENORRHŒA, OR PAINFUL MENSTRUATION, ANI MENORRHAGIA, OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will on speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp, lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can not enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flushes of Heat, Languor, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION,

Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; not an month after month passes although an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career.

DISCOVERED AT LAST.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION!!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic cures all diseases of the urinary organs

☞ It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

☞ It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced diseases.

CHEROKEE INJECTION is intended as an ally or assistant to the **Cherokee Remedy,** and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhœa, Fluor Albus. Its effects are healing, soothing and demulcent, removing all scalding, heat and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

☞ Price, Cherokee Remedy, $2 per bottle, or three bottles for $5.

☞ Price, Cherokee Injection, $2 per bottle, or three bottles for $5.

☞ Sent by Express to any address on receipt of price.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free to any address, a full treatise.

These Bitters are prepared, in pure Bourbon Whiskey, from a combination of over twenty different kinds of roots, barks and herbs, which act in perfect concert one with other, prepared from the original formula given by the great chief, Red Jacket, to Dr. Chapin, who used them successfully in his practice for many years, and by their use gained so great a popularity in the treatment and cure of Dyspepsia, Liver Complaint, Constipation, Sick and Nervous Headache, Fever and Ague, and all diseases arising from torpid liver or indigestion. Persons suffering from either of these loathsome diseases will find a sure cure by the use of these Bitters, which are perfectly pure and free from all those drugs and poisons usually put up in such preparations and palmed off on an unsuspecting public. It being prepared expressly for this class of complaints, its blood-purifying properties are preserved to a greater extent than any other preparation or Sarsaparilla.

ABOUT QUOTAS.—The Madison *Journal* of yesterday says Captain Putnam was in that city consulting Lt. Col. Lovell with regard to the apportionment of quotas and allowing credits on former calls, particularly as to whether one three years man should count the same as three one years man.

MUSIC IN JOHNSTOWN.—A friend in Johnstown writes us an account of a musical convention recently held in that town which is rather long for our colums. According to the account, the musicians thereabouts had a grand time and ended by organizing a Union Musical Association with A. M. Carter for President and J. R. Spooner, Secretary.

The Association holds its next convention at Allen's Grove, the first week in March, and Mr. N. H. Bennett is engaged to conduct the same.

SECOND WARD MEETING.—At a meeting of the enrolled men of the Second Ward, held last evening at No. 2 Engine House, Mr. W. G. Roberts was chosen Chairman, and John C. Spencer, Secretary.

After discussing the subject of the draft by several gentlemen, it was resolved to form a Draft Association, and Messrs. Roberts, Grant and Wells were appointed a committee to draft by-laws.

There being no quota assigned to the Ward, the meeting adjourned until Thursday evening, at 7 o'clock, to hear the report of the committee on by-laws, when it is expected that every enrolled man in the Ward will be present.

W. G. ROBERTS, Chairman.
JOHN C. SPENCER, Secretary.

INSTALLATION.—The installation of Rev. M. S. Hodge of Worcester, Mass., as Pastor of the Baptist Church of this city, will take place next Sabbath.

The exercises of the day will be as follows:

1st.—Hope Mission Sabbath School will unite in their exercises with the Church School at 9 o'clock a. m.

2d.—Rev. Mr. Smith of Chicago, will preach at 10 a. m.

3d.—Rev. G. Anderson of St. Louis will preach at 2 p. m., immediately after which the Communion Service of the church will be celebrated.

4th.—Rev. M. G. Hodge, pastor elect, will preach his first sermon at 7 o'clock p. m. followed by "Public Installation Services," which will close the exercises of the day.

All are invited to attend on this interesting occasion.

FIRST WARD DRAFT MEETING.—Don't forget the meeting at Hyatt House Hall this evening at 7 o'clock. Let every one of the hundred and thirty-six liable to draft be on hand. Each of us is interested alike in this matter—rich and poor. Let no man flatter himself that the "influential ones" will manage to save him from the dreaded draft. Each man has a duty to perform that he cannot leave to his neighbor. Come out to-night and show us whether you desire to prevent a darft. Understand now, once for all, that the "influential ones" will do their duty and no more, you cannot cover your interests under their skirts longer. If you are unwilling to come up now and pay if need be, twenty-five or fifty dollars, and are drafted in consequence, charge no one but yourself with fault.

We have undoubtedly between thirty and forty men to raise. There are men enough willing to go for money. Let us raise the money and take the men. Several men were offered yesterday and the town took them, because we had no money. This is our last call; and to-night we are to decide whether we have a draft in the First Ward or no. Per order Committee.

DIRECT FROM GRANT'S ARMY.—Mr. B. H. Benham, of the 38th Regiment, left Grant's army last Thursday, arriving here last night. He was greatly delayed on the route by the passage of some thirty or forty thousand Western troops, under Gens. A. J. Smith and Schofield, going to join Sherman or Grant, probably the latter. These long trains of soldiers monopolized the roads, and all other business had to give way.

Our informant says it is the general feeling in the army that all the hard fighting will be done this Summer and that the war will end during the next six months. He describes the condition of the army of the army of the Potomac as magnificent, the rank and file being in the best spirits imaginable.

The Late Rev. R. O. Kellogg.

Editors Gazette:—The report that Rev. R. O. Kellogg, of Fort Atkinson, committed suicide at the Asylum for the Insane, last week, is incorrect. The facts are these: After a week of insanity it was thought best to entrust him to the care of our State Institution. The second night there, he was put into a room in the fourth story without any attendant and out of hearing of any one. When the room was unlocked at 5 a. m. Friday morning, he was found lying upon his face upon the floor dead, his head, hands, shoulders, hips, knees and elbows very much bruised, having apparently died in a fit, the contortions of his body having produced these bruises. This correction we deem but truthful and just to his numerous friends and acquaintances. COM.

ACTIVITY ABOUT THE PROVOST MARSHAL'S OFFICE.—There begins to be considerable activity about the Provost Marshal's office, by reason of the near approach of the draft, and there would be vastly more if there even was a likelihood of the assignment of the quotas to the sub districts. Large quantities of new blue clothing are being received to dress up those who are expected to "fall in." Our readers in the country can feel assured that as soon as it is possible to ascertain the number required of each town, they will be notified from the Provost Marshal's office. Had it not been for the unmitigated stupidity of Gen. Fry they might have known ere this.

ANY town having a quota of 40 men or less can have the same filled on reasonable terms by application to D. H. Henshaw, office in the Capitol Park, Madison, Wisconsin. d2t.

SECOND WARD.—There will be a meeting of the Second Ward enrolled men to-morrow evening at Water Witch Engine House.

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None,* we conscientiously affirm.

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without eating them out or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local treatment alone;* hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure.*

Understanding the disease and we know it *cannot* be cured by LOCAL treatment *alone,* therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *causes* of *Catarrh,* and thereby affect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are CASH; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines.

The poor will be favored.

No preparation before the public has been more uniformly commended by those who have used it, than CUTENARIA. In the treatment of old and obstinate cases, it has never been known to fail. The News.

We have our usual amount of peace gossip this evening, which the reader can take as much, or as little stock in as he pleases. We place more reliance in what General Butler said recently in his speech at Lowell. "Don't be carried away" he says "by the delusion of peace. The time for peace has not come. To talk of peace until the army of Lee is either captured or whipped, is vain." Butler is undoubtedly correct. The resisting power of the Confederacy is now embraced within Lee's lines, and when that is placed *hors de combat*, peace will come and come to stay. It may be true that Vice President Stephens is on his way to Washington, but if he is, he goes in the same capacity in which Blair went to Richmond, to talk of peace on his own hook—Jeff Davis is still full of fight.

A later dispatch just received states that the Richmond *Sentinel* says authoritatively that A. H. Stephens, R. M. T. Hunter and Jones Campbell have gone to Washington to confer with Mr. Lincoln and see if peace be possible. They are simply unofficial agents representing the views of the rebel leaders at Richmond.

An event transpired yesterday that forms a new epoch in the history of the American people. The House of Representatives has passed the Constitutional Amendment forever abolishing slavery throughout the land. Thus is another step taken in the onward march of civilization and progress that must eventually redeem our name from the shame and ignominy of chattel slavery.

JIM CROW.—One of the most violent copperheads that took the stump last fall for George B. McClellan and George B. Smith, was Judge Orton, of Madison. But a change has come over the spirit of his dream. Either the very signal and satisfactory defeat of his friend George B., in this Congressional district, or the utter rout and overthrow of his other friend George B., in the Presidential race, or the taking of Savannah and Fort Fisher, or something else has opened his eyes, and, it will be seen by our letter from "Yankee Thistle," he was to make a Union speech at Madison last night, in the Assembly Chamber.

As the Judge has been on all sides of all questions at times, it is not remarkable that he should *occasionally* be right.

Hood's army is reported quartered at the present time at Tuscaloosa, and Hood himself has gone to Montgomery for the purpose of consulting with Beauregard. It is reported that Gen. Dick Taylor has reinforced Hood's army with about five thousand men from the trans-Mississippi department. The whole line of the Memphis and Charleston Railroad, which runs through Corinth, is entirely unoccupied by the rebels, except straggling bands of guerrillas. All stories as to Hood's occupation of Corinth on his retreat are groundless. He did not approach it. He had intimations, doubtless. Gen. Dana moved from Memphis to cut the railroad south of it, and he has a sense to that degree of foolhardiness as to walk in so obvious a trap.

THE Richmond *Enquirer*, speaking of Bragg's repeated disasters, says: "The calamities inflicted by Gen. Bragg upon our cause have done much to injure President Davis, who has retained him in command despite the public wish. The last sad work of his at Fort Fisher he is now trying to shift upon the shoulders of his patron and protector, or with it drag down Gen. Lee, as he did Gen. Johnston. Is it not high time that the service was relieved altogether of Bragg?"

THE Pope's late fulmination, in the shape of an Encyclical Letter, is condemned all over Europe, not only by the Protestants, but by the more liberal members of the Roman Catholic Church. The journals of Germany show that the impression produced by the Encyclical Letter in those countries has been the same as in France, where, by order of the Government, its more objectionable parts have been suppressed. All agree in regarding it as a manifesto hurled against modern civilization.

JEFF. DAVIS, in a letter to the Virginia Legislature, says that Gen. Lee has repeatedly expressed his inability to command the entire armies in the Confederacy and remain in the field with the Army of Northern Virginia at the same time, and asserts his own desire to make Lee Commander-in-Chief whenever the latter consents to accept the position.

RAILROAD CONSOLIDATION.—Assemblyman Johnson from this county, introduced the following resolution into the House which has passed that body:

Resolved, That the Committee on Railroads be instructed to report what legislation, if any is necessary in order to guard the State against railroad monopolies. And further, to report what railroads in this State have the right in their charters to consolidate. And further, whether it is in the power of the legislature to fix a pro rata tariff, and if so, what legislation is necessary to regulate the tariff so as to compel railroads to carry all kinds of freight

THE Richmond *Dispatch* now sells for 50 cents a single copy, and $30 per hundred to carriers.

SMALL pox is raging fearfully in New York city at present, and is steadily on the increase.

State News.

The Milwaukee *Sentinel* says a new school house is to be erected in Milwaukee at a cost of about $30,000. Ralph Waldo Emerson is lecturing in Milwaukee.——The Fond du Lac *Press* says a train of eight wagons drawn by twenty eight oxen, and six others, drawn by horses, the whole loaded with seven tons of pork, one ton of chickens and turkeys, one ton of butter, and seven hundred cans of oysters, together with forage for the teams, left that city for Ontonagon, Lake Superior, last week. The train goes direct through the wilderness, by way of Shawano, and will be able to reach its destination in about one month from the time of starting.——The *Wisconsin* says the mammoth grain elevator and railroad warehouse, now nearly completed, has been leased by the Milwaukee Dock Company, and will be run by them. L. J. Higby, one of our oldest warehousemen, is President of this company. The Dock Company also run the elevators in the second ward, at the terminus of the other division of the Milwaukee and St. Paul Railway.——The Madison *Journal* regrets to learn that Mr. M. Banman, of that city, well known as a soap manufacturer, died from the effects of a kick in the abdomen, received from a horse on the 26th. He leaves a wife and four children to mourn his loss.——The Sheboygan *Times* says the river there between the harbor piers was so frozen over on Wednesday and Thursday mornings of last week as to permit skating. It speaks of it as a very unusual occurrence. Before noon, however, on Thursday, the sea from the lake broke up the ice and the sport.——The Green Bay *Advocate* notes considerable religious interest there; says the sleighing continues excellent, and that there never was so much work done in the woods.——The Appleton *Motor* says the breadth of winter wheat sown in Outagamie county was larger than ever before, and that it is looking finely.

From the Sparta *Eagle* we learn that the Provost Marshal's headquarters for the 6th District has been removed from La Crosse to Sparta.——The La Crosse *Republican* publishes an interesting review of the business and manufactures of that place, showing a very satisfactory state of things; and Superintendent Moore gives notes of his visits to the schools. In twenty schools visited he found the average of punctual attendance 82 per cent., an improvement of 10 per cent. in last year.——The Viroqua *Times* says the assets of Vernon county are $20,051.96, and liabilities $6,897.53. In view of recent murders in that section, and the cheap rate at which human life is held, it favors the restoration of capital punishment.

The Fond du Lac *Reporter* notes the burning of the distillery of Rahte & Lauenstein in that city. The loss is about $5,500, insurance $1,500. It says Dr. Brainard of Chicago, performed an operation for gravel, removing from a mason named Hollands a stone measuring two inches long, one and a half wide, and three quarters of an inch thick.——The Clark County *Advocate* says O. S. Wood's crew, lumbering on Rock river, hauled this winter a pine tree, the dimensions of which are as follows: Four logs, one of which was 12 feet, the other three 16 feet in length, the whole of which scaled 5,230 feet of lumber, being an average of 1,307½ feet to the log.——The *Lumberman* says fishing in the Menomonee river is proving a good winter business; that the supplementary draft has exhausted the rolls in nearly all the towns in Oconto county.——Mr. Newell, of Beaver Dam was lost on the steamer *Meteille*, which recently went down with nearly all on board, between New York and Hilton Head.——The Hudson *Star* says the managers of the Tomah and St. Croix railway have resolved to proceed immediately to procure the right of way.——The Elkhorn *Independent* says a National Bank has been established at Elkhorn, with a capital of $50,000.00, and the privilege of increasing to $100,000.00.——The Grant County *Herald* says that John Hundermeyer, a volunteer from Potosi, who enlisted in October last, to serve in the first Wisconsin cavalry, was, at the time of his enlistment, 14 years and 5 months old, weighed 150 pounds, and measured 6 feet two inches in height.

SECRETARY SEWARD IN COURT.—The Washington correspondent of the *Evening Post*, under date of Wednesday, says:

"The Supreme Court was crowded this morning to hear Mr. Seward in the well-known Albany bridge case. It is an unusual occurrence for a Cabinet officer (always excepting the Attorney-General) to come into the Court to argue cases. Mr. Seward, however, was long engaged upon this case, and his clients would not release him. It was a singular spectacle to see Mr. Seward directing his argument to the understanding of his old Cabinet colleague, Mr. Chase."

A TEN inch Parrott gun costs $4,500; a eleven inch Rodman $6,500; a fifteen inch Krups, $29,400, and a twelve inch Blakely, $35,000.

HAIR brushing is now done by machinery in London.

FROM WASHINGTON.

WASHINGTON, Jan. 31.—An announcement in these dispatches some weeks ago, that Tammany Hall was bringing its influence to bear on the passage of the Constitutional amendment prohibiting slavery and that its success was therefore assured, received its full verification in the House this afternoon. The largest audience of the session packed the galleries and lobbies, flooded the reporter's galley with ladies, and overflowed into all the vacant spaces on the floor. Appeals were made as usual from the Democratic side, to have the vote postponed, and there were implied threats of fillibustering unless it was, but Mr. Ashley refused to make any further delay, and the Democrats wisely resolved to submit. The final announcement of the vote was the sequel for a whirlwind of applause wholly unprecedented in Congressional annals. The galleries led off, giving cheer after cheer. The members on the floor then joined in the shouting, throwing up their hats and clapping their hands, and the ladies waved their handkerchiefs, and the very pages on the floor joined in the demonstrations of delight. The Democrats had been very fierce in their demands for order, when there had been some applause over the affirmative votes of some of their own number, and had very imperiously demanded the enforcement of the rules, but the storm of applause that now swept through the chamber was too much to resist, and therefore they sat silent and solemn in their seats amid all the rejoicings.

It is now earnestly hoped that the Legislatures, particularly those of the great leading States, will promptly take up the amendment, and pass it through without delay. The effect of prompt action in the present shape of the peace negotiations will be particularly valuable, and the Union leaders here hope, before the end of the week, to hear of decisive action from New York, Pennsylvania, Ohio and other great States.

WASHINGTON, Jan. 31.—In the case of the Bank of the Commonwealth etc., plaintiffs in error vs. the Commissioners of the Taxes etc., in error to the Court of appeals of the State of New York, Justice Nelson in the Supreme Court of the U. S., has delivered the opinion of the Court, reversing the judgment of the Court of Appeals with costs, and remanding the cause with directions to enter judgment in conformity to the opinion of the Supreme Court. The same judgment was rendered in all other bank cases. Two years ago the Supreme Court of the United States pronounced a decision that a state had no right to tax United States bonds and securities.

WASHINGTON, Jan. 31.—Mary Harris, the young woman from Chicago who shot and killed Andrew Burroughs, a clerk in the office of the Comptroller of Currency, yesterday stated to Mr. McCulloch that he had violated his marriage engagement with her. He had done no harm but was engaged to her from childhood and had continued his correspondence with her until within a month of his marriage. She says she asks no sympathy for herself, all the sorrow to be felt was for her aged parents. She charged that the deceased had betrayed her from home and friends and placed her in a house of ill fame, which determined her to do the deed.

NEW YORK, Jan. 31.—The *Commercial's* Washington special says well informed persons are disposed to credit the rumor that Stephens, Hunter and Campbell are about to visit Washington as peace commissioners.

The *Post's* special says Secretary Fessenden in his instructions to Jay Cooke says he intends to rely hereafter upon taxes and sale of seven-thirty bonds to pay the expenses of the war.

THE PEACE RUMORS.

BALTIMORE, Jan. 31.—The *American* has the following special dispatch from Annapolis this evening.

ANNAPOLIS, Jan. 31.—Col. Taylor, of the second Maryland regiment, who arrived here this morning, says that on Sunday Alexander H. Stephens, R. M. T. Hunter and two others reached our lines and requested to come within our lines at Fort Hill but were refused, and were awaiting permission from Gen. Grant, who was then absent.

N. B.—I think the commissioners were admitted, nevertheless, and are now on their way to Washington.

PHILADELPHIA, Jan. 31.—A special dispatch to the *Evening Telegraph*, dated Washington 31st, states that it is known in the best informed circles here, that a commission from Jeff Davis, consisting of Ex-President Stephens, R. M. T. Hunter and Gen. G. W. Smith, have arrived at Annapolis with full power to arrange a settlement of our national difficulties. It is believed from the understanding between Mr. Blair and Mr Davis, that the terms will be entirely satisfactory to the Administration and to Congress, and will chiefly consist of an amnesty to all offenders and a withdrawal of the confiscation proclamation.

BALTIMORE, January 31.—The *American* of this afternoon publishes the following dispatch: "The report has been current on the streets since last evening to the effect that the Richmond *Sentinel* has announced the departure of three peace commissioners for Washington. Up to noon to-day we have no official confirmation of the rumor, though the assertion has been varied this morning by an equally positive announcement that peace commissioners consisting of the rebel Vice President and Senators R. M. T. Hunter and Campbell had arrived at City Point and were expected to reach Annapolis to-day. They are not spoken of as commissioners representing the rebel government but as citizens representing the people, on their way to Washington to confer with President Lincoln on the subject of peace precisely in the same capacity that Blair visited Richmond."

WASHINGTON, January 31.—Nothing can be obtained confirmatory of the report that rebel peace commissioners have arrived at City Point en route to Washington.

BUTLER'S DEFENCE.

LOWELL, Mass. Jan. 29.—Major General Butler arrived here at noon yesterday, and in the evening he addressed the citizens.

Gen. Butler said he should speak of what had happened to the country, and what had occurred in the department to take command of which he had left them a year ago last November. On assuming the position which devolved upon him by the partiality of the President, he had looked about him to see what he was to do. He found 18,000 freedmen needing his attention. It had been demonstrated that the former slave population could make itself self-supporting, and that they were capable of education. He said he had settled every point regarding the exchange of prisoners, except one, viz: in regard to colored troops. The rebels threatened to enslave them. He then proposed to them to carry on a system of special exchanges until he had reduced the proportion of prisoners so that while they might have some 500 in their hands he would have 15,000, and then he could say, make slaves of those 500 prisoners, and I will get these 15,000 to work, and we will see. The General referred to orders received, to stop all exchanges, and said that if he was asked why he left 15,000 men starving in rebel prisons, he could declare that no stain of their blood was on his garments.

Of the affair at Wilmington and Fort Fisher, the General spoke at length, and then referred to the explosion of the Dutch Gap Canal. I did not, perhaps, make quite so large a hole as in the mine at Petersburg, but he had not filled it with American dead until it ran blood. He desired to have it inscribed on his tombstone in that little enclosure where his remains would one day be laid, "Here lies the General who saved the lives of his men at Fort Fisher and Big Bethel. He had criticized no man—no army man—but he had always criticized somewhat sharply the froth which is always the accompaniment of lively *porter*.

Gen. Butler then proceeded to discuss the prospects of the national cause. He was prepared for more endurance, more strife in the service of the country. If at any time the country needed his services, they would be freely rendered as in the past. Whatever mistakes may have been committed by men at the head of affairs, we should not spare our efforts. Don't be carried away by the delusion of peace. The time for peace has not come. To talk of peace until the army of Lee is either captured or whipped, is vain. See that the Union armies are kept filled, and that recruiting goes on. Of our ultimate success there could be no doubt.

FROM GRANT'S ARMY.

NEW YORK, Feb. 1.—The *Tribune's* 5th corps correspondent of Jan. 29, in front of Col. Harriman's brigade of Wilcox division 9th corps, says about noon to-day a flag of truce was displayed on the parapet of the enemy's works a few rods to the right of the center. The bearer of the flag said that Hon. A. H. Stephens, Vice President of the Confederacy and Hon. R. M. T. Hunter of Va., were desirous of proceeding to Gen. Grant's headquarters, that they were expected and would have approached our lines via James river but were unable to do so owing to the ice in the stream. A message was sent to the headquarters of the 9th corps, and some time after an officer returned mounted the rebel works and entered. What the result of the interview was, the correspondent was unable to learn.

The *Herald's* correspondent in front of Petersburg says deserters report that the enemy are reconstructing the railroad destroyed by the 5th corps in its raid to Hecksford but are making slow progress. None of the bridges destroyed had been rebuilt.

The large bridge near Weldon, N. C., was swept away by the late freshet.

Maj. Gen. Warren has returned and reassumed command of his corps.

LOSS OF THE SAN JACINTO.

NEW YORK, February 1.—The *Herald's* Key West correspondent gives further particulars relative to the loss of the U. S. sloop of war, *San Jacinto*. She struck on a reef between Green Turtle key and No Name Key early on the morning of the 1st ult. The officers and crew, including about 40 sick, were saved and landed on No Name key. Eleven of the crew had deserted. The entire battery of the vessel, together with stores, sails and other property was aboard at last advices. The wreckers were dismantling the *San Jacinto* but were not allowed to touch any portion of her machinery.

FROM KENTUCKY.

LOUISVILLE, Jan. 31.—The *Journal* is now informed that the suspected murder of 14 discharged soldiers on Saturday, at Bloomfield, was incorrect. Ludwig, a notorious guerrilla, was caught and executed that day by Capt. Terrill, of the Union Guards. In the afternoon, Terrill had a fight with Capt. Colter's guerrillas, several miles from Bloomfield, repulsed them and dangerously wounded Colter. Barry is undoubtedly dead.

FROM NEW YORK.

NEW YORK, Jan. 31.—The editors of the country who have control of the new patent process for making print paper from corn husks, having been overwhelmed with letters of inquirery from farmers and others, give notice that they desire to receive proposals from every State, county and town in the United States, for supplying dry and sound husks, as the same may be stripped from the corn.

NEW YORK, Feb. 1.—The *Tribune* prints a list of about 1400 names of Union prisoners who died at Salisbury, North Carolina, during the 60 days preceding and ending December 18th.

The *Herald's* Newbern correspondent of the 26th says that intelligence from within the rebel lines, represents the utmost consternation prevailing. There is really no communication between Virginia and the South.

A scheme was set on foot by several members of the North Carolina Senate to bring about a meeting of different Governors of States at Raleigh. The letter had met the approval of the Governors, the purpose being understood to be to discuss the question of the crisis and reconstruction, but Governor Vance broke up the entire arrangement by information to Jeff Davis.

Are treated by DR. HALE, at the

Wisconsin Throat & Lung Institute,

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a specialty in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; De Witt Davis, N. G. Kenison, D. R. Stout, F. J. Tupper Ellis Doty, Job printer, J. D. Haynes, W. H. Mann, E. R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

Retaliation in Kind.

No better evidence of the demoralizing and debauching tendencies of a state of war, can be adduced than is found in the fact that a few grave and dignified lawgivers are in favor of committing the government to a policy too barbarous and inhuman for any Christian nation to adopt. The Albany *Evening Journal*, we are glad to see, takes strong ground against the retaliation in kind proposed by Senator Wade. It says:

"Especially difficult would it be to carry a system of retaliation, such as is advocated by Senator Wade and others, into practical effect. This would require that we should deliberately starve to death the Confederate prisoners in our hands. Humanity shudders at the very thought. Who could we get to execute the terrible order? Our soldiers who garrison our prison depots would revolt against such an unchristian duty. No commander who had any regard for his fame could be got to execute such an edict. Even those who most loudly insist upon "retaliation" would shrink back in horror when brought face to face with the fact.

No; we cannot afford to compete with the rebels in barbarity. We cannot use their hellish weapons even in self-defence. We have a character to sustain before the world and a good name to preserve which must not be sullied by crime. It must not be forgotten that we are living in the Nineteenth Century, and that we have been nurtured under Christian teachings. The fact that the enemy act like savages, does not justify us in acting like savages too. We have not even the excuse for torturing our enemies that they have. Slavery has not brutalized us as it has them, and while we may execute Justice with rigor, we cannot afford to pattern after the cruelties of barbaric nations and eras."

Let the Government waive all technicalities that stand in the way of an exchange of prisoners and give them two of their men for one of ours, if necessary, but let not the authorities degrade and shame us for all time by adopting a mode of retaliation that the whole civilized world would shrink from with unmitigated horror.

Madison Correspondence.

[From Our Regular Correspondent.]

MADISON, Jan. 31, 1865.

Editors Gazette.—In the Assembly a resolution has been introduced and adopted instructing the railroad committee to inquire what legislation is necessary to guard against railroad monopolies, and also as to the power of the legislature to fix a pro rata or maximum tariff. Also a resolution asking the Governor to confer with the Federal government in regard to further corrections of the quota of the State. The Senate resolution instructing the joint committees on Benevolent Institutions to begin their visits at an early day and include the charitable institutions of Milwaukee in their inspection, was concurred in. A bill was introduced amending the soldiers' suffrage law, and a memorial to Congress for a survey of the Fox and Wisconsin rivers with a view to the construction of a ship canal connecting the lakes and the Mississippi. The rest of the time was occupied in considering and ordering to a third reading bills in the general file, among which was a memorial to Congress asking for an increase of bounties to volunteers and the adding of six months' extra pay to the bounties of re-enlisting veterans, and for voluntary enlistments to be between the ages of seventeen and fifty.

In the Senate a resolution was introduced inquiring after the Attorney General of the State, who is at present in Washington trying to complete the long delayed 5 pr. ct. fund settlement, which the General Government owes the State. A joint resolution was adopted favoring the raising of a regiment in this State for Hancock's veteran reserve corps and stating that the brave and efficient Major G. H. Otis, late of the 2d Regiment, Iron Brigade, has charge of the recruiting service for said corps. A bill was introduced incorporating the State Agricultural College of Wisconsin, and bills were passed to correct and complete the muster rolls and records in the Adjutant Generals' office and appropriating $2,000 therefor: to extend the right of suffrage to persons in the military service so as to allow men in hospital and in detachments of not less than ten, to vote; and to pay mileage to the Regents of the University of ten cents a mile, but not to exceed $50 a year to any one Regent. The Assembly bounty bill, after being amended in some particulars, was concurred in and it will undoubtedly be finally acted upon in the house to-morrow.

Quite a distressing tragedy has occured in the Lunatic Asylum near here, by the Rev. R. O. Kellogg, of Fort Atkinson, while in a state of insanity injuring himself so that he died. His brother, Mr. A. W. Kellogg, the Insurance Agent of Milwaukee, left him at the Asylum but a few since and hoped soon to find him relieved of the effects of the revival efforts in which he had been participating. The deceased, besides his brother, leaves a wife and two or three children to mourn his sad fate.

Captain George S. Oakley, late of the 11th Wisconsin regiment, died in this city last night. He had to leave the army on account of ill health, and while actively engaged about his business lately, contracted a severe cold, which settling on his lungs, caused his death. Thus has another patriot volunteer gone to an early but honored grave.

The audience is beginning to enter the Assembly Chamber to hear Hon. Harlow S. Orton hold forth on the condition of the country and those who know the varied political sides that the speaker has taken during his public career in this State, are now expecting him to take solid ground in favor of the Union armies, whose arguments are so convincing and effective. More anon, from YANKEE THISTLE.

IN Cuba several newspapers advocate emancipation. It is probable the Spanish colonies will be delivered from the accursed thing before many years.

South Carolina Arrogance in 1861.

The Boston *Traveler* reprints from its issue of April 27th, 1861, the following letter, sent it from Charleston. It reads amusingly in the light of the events which have occurred since it was written:

CHARLESTON, S. C., April 19, 1861.

To the Editors of the Boston Traveler:

GENTLEMEN:—On behalf of the South Carolina volunteers, I am deputed to request Governor Andrew, of Massachusetts, through you, that the military contingent of your State be sent to South Carolina. In making this request, I assure you I but express the wish of every man, woman and child in our State. We number about ten thousand men, well armed and accoutred, and anxious for a fight, and cordially invite *any number* from your section to give us a meeting. Do not, however, send them in the fleet that appeared off Charleston Harbor, during the bombardment of Fort Sumter, for fear their timidity will interfere with their landing. Send all Massachusetts men; none from Pennsylvania, for the regiment from that State flunked at Cerro Gordo; nor from New York, for at Cherubusco (although they claimed and received the right from the Palmetto regiment,) at the first fire the gallant New Yorkers fell back and hid behind a barn; nor from Indiana, for at Palo Alto the regiment from that State fled in inglorious confusion. Send your Sumners, your Wilsons, your Burlingames, and a host of similar notables, and we pledge our honors, our lives, and all that we hold sacred, that none other but the Palmetto boys shall interfere with them. We want them exclusively for our own use.

This request is made in good faith, and on signifying your acceptance of our offer, every arrangement will be made to give you a safe passport to our shores.

ON BEHALF OF THE S. C. VOLUNTEERS.

Education and Genius.

America offers the largest hospitality—offers a piece of land on the prairie to every son of Adam that will sit down upon it; then, on easy conditions the right of citizenship, and education for his children; and in this spirit is our power. I know that all do not think precisely as we do here in the northern States. I know that our schools are reproached as nurseries of vice, bloating our own conceit, sharpening our wits in trade, and, in some bad cases, making a more accomplished and dangerous rogue. I reply, let us stick to our school. If we have only that little, we will cleave to that little and make it more. It is our lot in the urn. Cling to this despised common school. Let the State say, "We have not the fertile prairie, the prolific Southern sun, the gold of California, the copper of Michigan, the coal of Pennsylvania and the oil, but this one point of plain duty we have—to educate every soul. Every native and every foreign child that is cast on our coast, shall be taught, at the public cost, the rudiments of knowledge, and at last the ripest results of art and science. Education has two offices. The first is the careful explanation of elements. Cadmus brought the 22 or 24 Phenician letters to Greece. They were called "the black daughters of Cadmus." These are the materials of that complex structure, so vast, so ancient, so energetic, which we call literature. These characters, drawn in snow and sand, then in pigment, are the divine commandments of the laws of States, of history, of all happy thoughts and sweet melodies. All multiplication tables, all astronomical facts, all rules of navigation, all Bibles, creeds, Homer, Shakspeare, must all go but for these. Take away this petty contrivance, and not only the power of genius to perpetuate itself is gone, but the bonds that hold a nation together, the laws and traditions that make unity and permanency, are a rope of sand; memory is lost, and instead of a spiritual nation, you have a tribe of dirty savages, extemporizing life from hand to mouth. That is the entering wedge. Letter by letter, syllable, the child learns to read, and in due time can convey to the domestic circle the sense of Shakspeare. That is the first office of education; the second is incessant drill and practice in applying those elements.

We have, out of the early ages, 600 years before Christ, nearly, a sentence from a Chinese legislator. "In all things," he said, "success depends on previous preparation, and without such preparation there is sure to be failure." God sends into a quiet house a young soul, a thought; a thought that is not met; looking for something which is not there, but which ought to be there. He makes desperate efforts to explain himself, to invoke the aid and consent of bystanders. Baffled still for want of language and method to convey his meaning, he conceives that though not in this house or town, yet in some other house or town is the wise master who can put him in possession of the rules and instruments to execute his will. This is the old experience—Genius seeking his master. Not seeking the college of the Sorbonne, of Salamanca, of Oxford, but Socrates seeking Anaxagoras; and Plato Socrates; and Aristotle, Plato. This is the seeker whom we find, not in one department, in one art or science, but in all, not in one house, but in all houses. This is the seeker, intoxicated with a beauty he cannot define or express, this is the divine savage, with a terrible secret, which tears him, which leaves him no rest. This is the pathetic experience of all youth. Always genius seeks genius—desires nothing so much as to be able to find those who can lend it aid. Enthusiasm and drill are the two elements: one nature must give; the college never can. But the knowledge already existing in the minds of trained persons is indispensable and must be had. To secure this to the young is the aim and theory of the college. A college is a society of experts—or men selected for their skill each in one department of art. The college was to be the nurse of human genius, but although every young man is born with some determination in his nature as a potential genius, and is at last to be one, it is in most obstructed and delayed, and whatever they may hereafter become, their senses are now opened in advance of their minds. These young men come in numbers to the college, few brilliant minds, and the teaching comes to be arranged for these many and not for those few. Hence instruction seems to require skillful tutors, an accurate and systematic mind, rather than the ardent and inventive master. Besides, men of genius are eccentric, want control, are irritable, uncertain, explosive, solitary; not men of the world, not good for every day uses. At all events, it happens that genius, if it is rare in the students, is rare in the chairs. But nothing can be so important as severity of training. It is better to teach the child and the youth arithmetic and Latin grammar, than rhetoric or moral philosophy, because these require exactitude and performance. It is made certain in lessons like these that the lesson is mastered, and that power of performance is worth more than the knowledge. He can learn anything which it is important for him to know, now that the power to learn is secured. As mechanics say, when one has learned the use of tools, it is easy to work at a new craft. Hence, the general agreement to devote a great deal of the time of the young to the science of numbers.—*Emerson's New Lecture.*

CUTENARIA is a liquid preparation, holding in solution a large percentage of the Proto-Sulphate of Calcicum. It has been carefully tested by some of the most eminent and scientific members of the Medical Profession, who have examined our formula, and adopted it in their practice. It is free from the objections that attach to the use of ointments and other mercurial preparations, and acts directly, and promptly, upon the cause of the disease. A single application, properly made, is sufficient to effect a complete cure. Full directions accompanying each package. Prepared by

The New York *Tribune* says, "The reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The *Tribune* just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an *immediate* beneficial effect. Facts are stubborn things.

C. C. MOORE, 254 Broadway.

NEW BEDFORD, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine glassfull after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters. Respectfully,

JUDITH RUSSELL.

If the ladies of America but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St., N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

They are now sold by all respectable dealers throughout the habitable globe. Be sure each bottle has our private United States Stamp over the top, and take none other. We do not sell it in any other way. Any person pretending to sell Plantation Bitters by the gallon is an impostor, and should be immediately reported to us. Beware of *refilled* bottles; examine and see that the stamp has not been mutilated.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

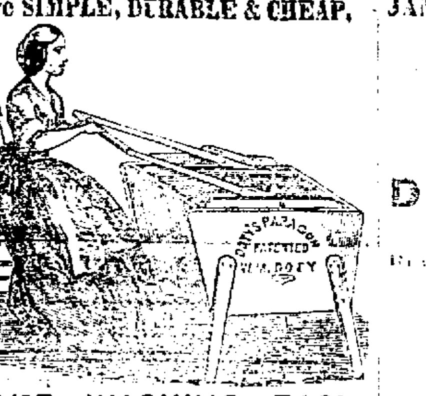
Miscellaneous.

DOTY'S CLOTHES-WASHERS

Are SIMPLE, DURABLE & CHEAP,



MAKE WASHING EASY, And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864, won the admiration of thousands, and were awarded a splendid Diploma; also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

Wool fleeces may be washed in these Machines at the rate of a fleece in two minutes, without tearing them apart, and the wool brings the price of *tub-washed wool*, which is five to eight cents per pound more than that washed on the sheep. This is very important to every wool grower.

They are recommended as the Very Best by Solon Robinson's great new work, "Facts for Farmers," by Orange Judd, proprietor of the *American Agriculturist* and by other prominent men.

It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville,			$ 9.50
Family "	"	"	10.50
Hotel "	"	"	13.50

The above prices include Family Machines with [illegible]

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if, after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we subjoin the following certificates:

From Rev. G. W. Lawrence:

Mr. DOTY—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepared to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner. My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore. G. W. LAWRENCE.

JANESVILLE, Nov. 11th, 1864.

Messrs. Doty Bros.:

GENTLEMEN—I have had in use one of your Washing Machines since May last. We have tried other inventions, but they have invariably proved worthless, after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine, a labor in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing with which I am familiar. No family can well afford to be without one. Yours truly,

The blade of the needle is less than 3/4 of an inch long, and is straight. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark*. The hem may be of any width. No other hemmer or feller is like this. As the needle is always set right, the blade short and straight does not vibrate, like longer ones.

Hence each part is interchangeable, and can be readily placed in case of accident.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use mostly in the United States and Canada, also in Europe, Asia, Africa, South America, and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Fairs and Exhibitions, they have invariably been

whenever exhibiting in competition with others. We shall take pleasure in forwarding by mail, at our own expense, our Illustrated Catalogue, in which every instrument we manufacture is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We did we see advertisements of some new reed instruments, with strange names, purporting to be superior to Melodeons and School Organs. A new exterior and new name will naturally attract attention; but the public will bear in mind that *all Reed Instruments*, now manufactured in the United States and Canada, are *as a rule* or *they could not be made without infringing our patents*, copies of our own.

GOTTSCHALK ON KNABE.

[Translated from the French]

After having played on the Pianos of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, crystalline, and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal if not superior to the best manufactured in Europe or this country by the most celebrated makers.

DIABETES,

STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING,

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, CATARRH OF THE BLADDER,

STRANGURY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of Lobelia, calomel and Jumper in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

has proved itself equal to the task that has been imposed upon it.

DIURETICS

irritate and disorder the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

IN DYSMENORRHŒA, OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp, lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of complaints arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION.

Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and so month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career.

THE LONG SOUGHT FOR

DISCOVERED AT LAST.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian blood purifier, cures all diseases of the urinary organs.

☞ It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

☞ It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced diseases.

CHEROKEE INJECTION is intended as an ally or assistant to the **Cherokee Remedy,** and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhœa, Fluor Albus. Its effects are healing, soothing and demulcent, removing all scalding, heat and pain, instead of the lacerating and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

☞ Price, Cherokee Remedy, $2 per bottle, or three bottles for $5.

☞ Price, Cherokee Injection, $2 per bottle, or three bottles for $5.

Patent Medicines.

These Bitters are prepared, in pure Bourbon Whiskey, from a combination of over twenty different kinds of roots, barks and herbs, which act in perfect concert one with another, prepared from the original formula given by the great chief, Red Jacket, to Dr. Chapin, who used them successfully in his practice for many years, and by their use gained so great a popularity in the treatment and cure of Dyspepsia, Liver Complaint, Constipation, Sick and Nervous Headache, Fever and Ague, and all diseases arising from torpid liver or indigestion. Persons suffering from either of these loathsome diseases will find a sure cure by the use of these Bitters, which are perfectly pure and free from all those drugs and poisons usually put up in such preparations and palmed off on an unsuspecting public. A single trial will convince the most skeptical that in the RED JACKET there is virtue which no other Bitters possess.

ABOUT QUOTAS.—The Madison *Journal* of yesterday says Captain Putnam was in that city consulting Lt. Col. Lovell with regard to the apportionment of quotas and allowing credits on former calls, particularly as to whether one three years man should count the same as three one years men.

MUSIC IN JOHNSTOWN.—A friend in Johnstown writes us an account of a musical convention recently held in that town which is rather long for our colums. According to the account, the musicians thereabouts had a grand time and ended by organizing a Union Musical Association with A. M. Carter for President and J. R. Spooner, Secretary.

The Association holds its next convention at Allen's Grove, the first week in March, and Mr. N. H. Bennett is engaged to conduct the same.

SECOND WARD MEETING.—At a meeting of the enrolled men of the Second Ward, held last evening at No. 2 Engine House, Mr. W. G. Roberts was chosen Chairman, and John C. Spencer, Secretary.

After discussing the subject of the draft by several gentlemen, it was resolved to form a Draft Association, and Messrs. Roberts, Grant and Wells were appointed a committee to draft by-laws.

There being no quota assigned to the Ward, the meeting adjourned until Thursday evening, at 7 o'clock, to hear the report of the committee on by-laws, when it is expected that every enrolled man in the Ward will be present.

W. G. ROBERTS, Chairman.
JOHN C. SPENCER, Secretary.

INSTALLATION.—The installation of Rev. M. S. Hodge of Worcester, Mass., as Pastor of the Baptist Church of this city, will take place next Sabbath.

The exercises of the day will be as follows:

1st.—Hope Mission Sabbath School will unite in their exercises with the Church School at 9 o'clock a. m.

2d.—Rev. Mr. Smith of Chicago, will preach at 10 a. m.

3d.—Rev. G. Anderson of St. Louis will preach at 2 p. m., immediately after which the Communion Service of the church will be celebrated.

4th.—Rev. M. G. Hodge, pastor elect, will preach his first sermon at 7 o'clock p. m. followed by "Public Installation Services," which will close the exercises of the day.

All are invited to attend on this interesting occasion.

FIRST WARD DRAFT MEETING.—Don't forget the meeting at Hyatt House Hall this evening at 7 o'clock. Let every one of the hundred and thirty-six liable to draft be on hand. Each of us is interested alike in this matter—rich and poor. Let no man flatter himself that the "influential ones" will manage to save him from the dreaded draft. Each man has a duty to perform that he cannot leave to his neighbor. Come out to-night and show us whether you desire to prevent a darft. Understand now, once for all, that the "influential ones" will do their duty and no more, you cannot cover your interests under their skirts longer. If you are unwilling to come up now and pay if need be, twenty-five or fifty dollars, and are drafted in consequence, charge no one but yourself with fault.

We have undoubtedly between thirty and forty men to raise. There are men enough willing to go for money. Let us raise the money and take the men. Several men were offered yesterday and the town took them, because we had no money. This is our last call, and to-night we are to decide whether we have a draft in the First Ward or no. Per order Committee.

DIRECT FROM GRANT'S ARMY.—Mr. S. H. Benham, of the 38th Regiment, left Grant's army last Thursday, arriving here last night. He was greatly delayed on the route by the passage of some thirty or forty thousand Western troops, under Gens. A. J. Smith and Schofield, going to join Sherman or Grant, probably the latter. These long trains of soldiers monopolized the roads, and all other business had to give way.

Our informant says it is the general feeling in the army that all the hard fighting will be done this Summer and that the war will end during the next six months. He describes the condition of the army of the army of the Potomac as magnificent, the rank and file being in the best spirits imaginable.

The Late Rev. R. O. Kellogg.

Editors Gazette:—The report that Rev. R. O. Kellogg, of Fort Atkinson, committed suicide at the Asylum for the Insane, last week, is incorrect. The facts are these: After a week of insanity it was thought best to entrust him to the care of our State Institution. The second night there, he was put into a room in the fourth story without any attendant and out of hearing of any one. When the room was unlocked at 5 a. m. Friday morning, he was found lying upon his face upon the floor, dead, his head, hands, shoulders, hips, knees and elbows very much bruised, having apparently died in a fit, the contortions of his body having produced these bruises. This correction we deem but truthful and just to his numerous friends and acquaintances. COM.

ACTIVITY ABOUT THE PROVOST MARSHAL'S OFFICE.—There begins to be considerable activity about the Provost Marshal's office, by reason of the near approach of the draft, and there would be vastly more if there even was a likelihood of the assignment of the quotas to the sub districts. Large quantities of new blue clothing are being received to dress up those who are expected to "fall in." Our readers in the country can feel assured that as soon as it is possible to ascertain the number required of each town, they will be notified from the Provost Marshal's office. Had it not been for the unmitigated stupidity of Gen. Fry they might have known ere this.

ANY town having a quota of 40 men or less can have the same filled on reasonable terms by application to D. H. Henshaw, office in the Capitol Park, Madison, Wisconsin. d2t.

SECOND WARD.—There will be a meeting of the Second Ward enrolled men tomorrow evening at Water Witch Engine House.

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None*, we conscientiously affirm.

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without cutting them out, or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh cannot be cured by *local* treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but never cure.

Understanding the disease and we know it cannot be cured by local treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the cause of Catarrh, and thereby effect

A PERMANENT CURE.

Their consultations for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are cash: hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicine.

The poor will be treated at ...

CONSULTATION FREE.

Patients must write their name, State, post office address, plainly. All letters requiring an answer, must contain a letter stamp, and be addressed to DR. KNAPP & SON, Drawer 6183 Chicago, Ill.

Any of the above diseases can be treated successfully by the patients' describing their disease in a letter, when they cannot see us.

Dr. Knapp, who has visited Janesville regularly for seven years, can be consulted at the Hyatt House, Wednesday, January 11th and till four o'clock p. m. Thursday, January 12th; Wednesday, March 15th and till four o'clock p. m. Thursday, March 16th; Wednesday, May 17th and till four o'clock p. m.
